

## Square 9 Earns 2025 Buyer's Choice Award From TrustRadius

Award Highlights Square 9's Relationships, Feature Set, and Value for Price

**New Haven, CT. October 30, 2024** – Even with a new, more rigorous set of criteria for TrustRadius' Buyers Choice Awards (Formerly Top-Rated Awards), [Square 9](#) continues to soar high, receiving this coveted recognition. Buyer's Choice Awards are based entirely on vetted, unbiased customer reviews and are selected for having the best capabilities, value for price, and customer relationships.

During the evaluation process, reviewers are asked if products and their support teams live up to expectations and if they would buy them again. These answers shape whether or not a product is chosen as best in the three key areas: capabilities, value for price, and customer relationship. With TrustRadius, companies evaluating software products can hear directly from [verified users](#) about how much they value Square 9's solutions.

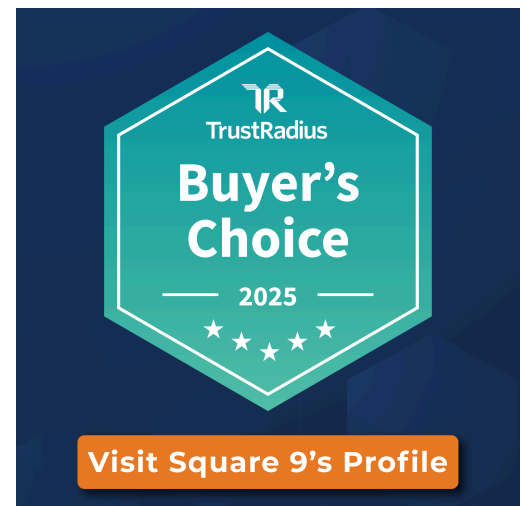

"Square 9 Softworks winning the TrustRadius Buyer's Choice Award highlights their dedication to transforming the way organizations manage their documents and workflows," said Allyson Havener, SVP of Marketing and Community at TrustRadius. "From their customer reviews, it's clear that their solutions are making a real difference in daily operations, and we're thrilled to celebrate Square 9 for the trust they've built with their customers."

With a TrustRadius score of 9.8 out of 10 and 65 verified reviews, this award exemplifies Square 9's commitment to customer value by providing innovative solutions and top-level service.
